

VANDANA KUMARI

vandanayadav842@gmail.com | 9821195493 | Agra, Uttar Pradesh 282001

SUMMARY

Experienced Software Developer with 7+ years in designing and developing robust, scalable web applications. Proficient in JavaScript with a strong command of modern frameworks and libraries including **Node.js, React.js, Next.js, GraphQL**. Skilled in both frontend and backend development, with hands-on experience in managing databases like **MongoDB, MySQL, and DynamoDB**. Adept at working with cloud platforms such as **AWS**. Known for leading complex projects, optimizing user experiences, and delivering high-quality code using CI/CD pipelines, and Agile practices.

SKILLS

- Node.js
- React.js
- Next.js
- Redux
- MySQL
- MongoDB
- GraphQL
- Mocha/Chai
- Jest
- Security scanning - BurpSuite
- AWS
- Gitlab/Github/Bitbucket

EXPERIENCES

Encora Innovation Labs | Ahmedabad, India

Sr. Full Stack Developer

09/2022 - Current

- Developed full-stack functionality for a plants and florists eCommerce sites using React.js, Node.js, MongoDB, and GraphQL.
- Implemented SSR and CSR in a content publishing project using React, optimizing performance and SEO.
- Wrote automated test cases using Jest, Playwright and other tools to ensure high application quality.
- Performed security scanning and reporting using Burp Suite, contributing to compliance and security benchmarks.

Technology: React.js, Node.js, REST APIs, MongoDB, GraphQL, Next.JS

Coforge (formerly: NIIT) | Greater Noida, India

Sr. Full Stack Developer

10/2021 - 08/2022

- Developed scalable and optimized front-end applications using React.js, Redux, and Next.js.
- Implemented thorough testing strategies with Jest, Jasmine, Mocha, and Chai to ensure code quality and stability.
- Collaborated closely with backend teams and UI/UX designers to deliver seamless user experiences and maintain high coding standards.
- Formerly: NIIT

Technology: React.js, Redux, Next.Js, MongoDB, GraphQL

Lumen (formerly: CenturyLink Tech. India Pvt. Ltd.) | Noida, India

Associate Developer

08/2020 - 10/2021

- Developed and integrated custom Node.js methods as adapters and applications within Itential Automation workflows.
- Enabled end-to-end automation by bridging backend automation logic with a user-friendly frontend interface.
- Formerly: CenturyLink Tech. India Pvt. Ltd.

Technology: Node, MongoDB, Itential Automation Tool

Flexsin Technology Pvt. Ltd | Noida, India
Software Developer
02/2019 - 04/2020

- Developed scalable REST APIs using Node.js, MongoDB, and advanced JavaScript (ES6/ES8).
 - Built responsive React.js admin dashboards for internal and client-facing applications.
 - Integrated WebSockets for real-time features like live updates and notifications.
- Technology:** Node, MongoDB, MySQL, React, Jest, TypeScript, ES6&8, JavaScript, WebSocket

World Health Partners | New Delhi, India
Software Developer
10/2016 - 01/2019

- I was primarily involved in backend development, where I designed and implemented RESTful APIs using Node.js and MySQL. My work supported critical healthcare systems, ensuring efficient data handling, secure access, and optimized performance across various modules.
 - Designed and developed RESTful APIs for healthcare applications using Node.js.
 - Built and optimized complex MySQL queries to manage large-scale data efficiently.
 - Collaborated with cross-functional teams to deliver reliable and scalable backend solutions for real-world healthcare needs.
- Technology:** Node, MySQL

EDUCATION

Lovely Professional University | Jalandhar, Punjab
BCA

Anand Engineering College | Agra, U.P.
MCA
